Our little boys' clothes are daintily boyish, to please both mother and son; above all, made to wear. We're particular, if you are not, that the cloth shall be all wool, the color fast-"test proof." Boys' Suits...

Some boys' clothing you buy is like soap bubbles-they don't last. Not so with ours. Lively boys and shoddy clothes make a poor combination perhaps you've found it out. Our little boys' clothes are daintily boyish, to please both mother and son; above all, made to wear. We're particular, if you are not, that the cloth shall be all wool, the color fast—"test proof." Giving extreme care to cloth, doesn't prevent our giving extreme style to the clothes. We have everything a mother can possibly imagine for her boy and some things she doesn't dream of. We want mothers who are hard to please to come to us. Look over the following lines we are offering for the Easter trade.

Thousands of People

who are not really ill require a tonic at this season

of the year. Close confinement in imperfectly ventilated houses, shops and schools rooms during the

winter months, makes people feel depressed, languid and "out of sorts." Unless nature is assisted in

throwing off the poison that has accumulated in the system during these months people fall an easy prey to disease. A Tonic is what is needed, and Dr. Williams' Pink I ills for Pale People is the greatest tonic medicine in the world. These pills make rich, red blood, strengthen the nerves and make dull, tired, listless men, women and children, feel bright, active

But be sure you get the genuine, always put up in wooden boxes the wrapper around which bears the full trade mark "Dr. Williams' Pink Pils for Pa'e

People." Sold by all dealers in medicine, but if in doubt send direct to the Dr. Williams' Medicine Co.,

Boys' Suits...

Some boys' clothing you buy is like soap bubbles-they don't last. Not so with ours. Lively boys and shoddy clothes make a poor combination-perhaps you've found it out. Our little boys' clothes are daintily boyish, to please both mother and son; above all, made to wear. We're particular, if you are not, that the cloth shall be all wool, the color fast-"test proof." Giving extreme care to cloth, doesn't prevent our giving extreme style to the clothes. We have everything a mother can possibly imagine for her boy and some things she doesn't dream of. We want mothers who are hard to please to come to us. Look over the following lines we are offering for the Easter trade.

Thin in flesh? Perhapsit's natural.

If perfectly well, this is probably the case.

But many are suffering from frequent colds, nervous

LIKE A STREAK OF LIGHTNING. Dr. Ward's Blood and Nerve Pills HAVE CONVINCED THE PUBLIC. DR. WARD'S BLOOD AND NERVE PILLS

Restore the Snap, Vim, Energy and Strength You Have Lost-Those Who Know Speak Wisely.

GENTLEMEN:

I think it due to you to let you know what a great boon Dr. Ward's Blood and Nerve Pills have been to my daughter Maggie. Prior to taking your great remedy she had been suffering from excessive nervousness for a long time, and her nerves were in a terribly shattered condition. The action of her heart was so weak that it did not have strength to perform its functions, causing violent papitation and smothering after retiring. Frequently, on account of this suffocating sensation she was afraid to go to bed. Slight exertion exhausted her and caused shortness of breath. Her blood was impoverished and lost vitality, and she had no appetite. She was wasting away and was very hypochondriacal, feeling dejected all the time. Last December she began taking Dr. Ward's Blood and Nerve Pills, and she inaproved at once. Her blood became healthy and strong, and in six weeks her impaired nervous system was restored to its normal healthy condition. Her heart responded to the healthy condition of her blood and nerves and resumed its strong and healthy functions. She now sleeps without any of the dangerous, distressing, smothering and choking spells; her appetite is good, and she has gained in flesh. Healthy color has replaced pallor, and she is now well and strong, thanks to Dr. Ward's Blood and Nerve Pills. I thank you, gentlemen, for the remedy that has restored my daughter to health.

Springtime

Gain the Ruddy Hue of Health From

Dr. Ward's Blood and

Sufferers

a year ago last spring left my system in a very weak state and myseryous system completely unstrung. And getting oyset the dangerous steep of the disease I naturally expected to gain strength, but unfortunately & do not do so. On the conteary, my blood became weaker, I daily lost strength and vitality, and my nervous system became so weak that it was a constant source of suffering both day and night. I lost appetite, the sight of food nauseated me, the weak state of my system caused shortness of breath and unnatural ral action of my heart, such as fluttering and violent palpitation, and my face was like chalk. I was in this condition and constautly getting weaker when I began taking the Dr. Ward Blood and Nerve Pills. I had read the books they distributed and their advertisements in the papers and thought: "Well, I have taken so much medicine without benefit it is useless to spend any more money." However, I finally made up my mind, it is a forlorn hope; I can but try. If I am not benefited I will not be hurt; so I bought one box and received great benefit therefrom, so continued their use, and to-day am a well man in consequence. My blood is strong, my face has the ruddy hue of health, my appetite has returned, I sleep well, I have not the slightest indication of nervouses or heart trouble, and from a sick, weak, nervous man, Dr. Ward's Blood and Nerve Pills have transformed me in six weeks to full health and strength.

WILLIAM WILLARD, Night Clerk Grand Central Hotel, Peterboro'.

Here Rests Your Hope

That is the way thousands of people feel during the Spring months. It is one of nature's signs that humanity cannot undergo months of indoor life in imperfectly ventilated buildings with impunity. Those who feel thus may not realize that there is anything seriously wrong with them. They doubtless think "Oh, I'll be all right in a few weeks,"

But will you?

Breathing daily the poisonous gases arising from impure air your blood has become poor and watery, your nerves unstrung, your appetite fickle, the least exercise tires you, and you feel-as it is often expressed-"all out of sorts." In this condition your system is very susceptible to disease.

What you require is a tonic to help nature fight your battle for health. There is only one always reliable tonic, and that is

DR. WILLIAMS' PINK PILLS.

These pills do not purge and weaken like other medicines. They make rich, red blood, build up the nerves, and make weak, depressed and easily tired people cheerful, active and strong.

A Pair

No suit is complete without an extra pair of trousers, if it is to be worn day in and day out, for no one has yet found a way to keep trousers from bagging and wrinkling when in constant use. We have a great variety of extra trousers in fancy patterns, stripes and checks. Extra trousers will go farther than anything else towards keeping your suit spick and span, and the cost is not much. A pair of our \$1.50 trousers would tone up an old coat and yest wonderfully—and our \$2, \$2.50 and \$3 lines are nice enough to put with a really good coat and yest. Come in and look through our stock of odd pants. Any alterations will be made free of charge.

How important it is to be properly dressed for wheeling. We are head quarters for bicycle clothing of every character. No more attractive display of bicycle suits, stockings, sweaters, belts, caps, etc., was ever displayed. The patterns are new and of the latest style. We offer an excellent all wool suit, madin the latest style, for \$5, then we have them at \$3, \$3.50 and \$4, and the fino ones at \$7 and \$8. We have bicycle suits for boys. It you need bicycle clothing, don't pass us by—for we have what you want, and at prices you will pay.

Bicycle Hose.

We wish to especially direct your attention to the large assortment of bicycle hose we are offering at 50 cts. We have the better ones, but the popular price is 50 cts. and we have a splendid

Overcoats.

You know the proper thing to say now is "top coats." It's English you know. Makes little difference what you get the correct thing and at a low price. We have them at \$5, \$6, \$7, \$8 and \$10. About the last named price we wish to say they are as stylish as the best merchant tailor can turn out. They have all the little touches of style thought to be so indispensable. The lapels have just the right turn, the seams are properly cared for, the length is just right. In fact, you need not be ashamed if you should guess one of these coats on the street at \$18, they are worth it to order, but our price is only \$10. They are going at this price and going fast.

Washing Suits.

Why not look for the boy's comfort, he wants to be cool this summer as well as older people—and it doesn't cost near as much to keep him comfortable as it does his pa. We have lots of nice little washable suits in duck, linen and crashes. 75c, \$1, \$1.50, \$2.00 and \$2.50. Come early and pick out these summer suits, don't wait until the sizes are broken. We are clearing last season's blouses and blouse about one-half price.

Stockings.

My, what a run we have been aving on stockings. We thought they were cheap and the way they have sold has proved the case, All sizes, ribbed cashmere, pure wool, at 20 cts. New Things

Men's Clothing.

We are now ready to show you all the new things in Men's Clothing.

Suits that will give full satisfaction to the wearer in quality, durability, style and appearance, as well as cost, are here in full force. Careful dressers and careful buyers are asked to view them. You will find that "all wool" means all wool here; that the dye is above suspicion, linings safe and suitable, the interlinings as good as though in sight, the thread, silk or linen, and the cutting and making of superior order. Some business men may think the suits we

sell at \$5, \$6.50, \$7.50, \$10 and \$12 are unworthy their consideration because our prices are so low-but remember, you wear the suit, not the price.

Just now our assortment is very complete in these lines in the latest spring styles. Months of preparation finds us ready to supply your House Furnishing wants.

Customers are constantly telling us that they like to trade here because of our strict adherence to the one price system. A Pair of Trousers.

No suit is complete without an extra pair of trousers, if it is to be worn day in and day out, for no one has yet found in a way to keep trousers from bagging and wrinkling when in constant use. We have a great variety of extra trousers in fancy patterns, stripes and checks. Extra trousers will go further than anything else towards keeping your suit spick and span, and the cost is not much. A pair of our \$1.50 trousers would tone up an old coat and vest wonderfully—and our \$2,\$2.50 and \$3 lines are nice eaough to put with a really good coat and vest. Come in and look through our stock of odd pants. Any alterations will be made free of charge.

More Bicycle Suits.

How important it is to be properly dressed for wheeling. We are head quarters for bicycle clothing of every character. No more attractive display of bicycle suits, stockings, sweaters, belts, caps, etc., was ever displayed. The patterns are new and of the latest style. We .fl. r an excellent all wool suit, made in the latest style, for \$5, then we have them at \$3, \$3.50 and \$4, and the fine ones at \$7 and \$8. We have bicycle suits for boys. It you need bicycle clothing, don't pass us by—for we have what you want, and at prices you will pay.

Bicycle Hose.

We wish to especially direct your attention to the large assortment of bievele hose we are offering at 50 cts. We have the better ones, but the popular price is 50 cts. and we have a splendid

Light.... Overcoats.

You know the proper thing to say now is "top coats." It's English you know. Makes little difference what you call them so long as you get the correct thing and at a low price. We have them at \$5, \$6, \$7, \$8 and \$10. About the last named price we wish to say they are as stylish as the best merchant tailor can turn out. They have all the little touches of style thought to be so indispensable. The lapels have just the right turn, the seams are properly cared for, the length is just right. In fact, you need not be ashamed if you should guess one of these coats on the street at \$18, they are worth it to order, but our price is only \$10. They are going at this price and going fast.

Washing Suits.

Why not look for the boy's comfort, he wants to be cool this summer as well as older people—and it doesn't cost near as much to keep him comfortable as it does his pa. We have lots of nice little washable suits in duck, linen and crashes. 75c, \$1, \$1.50, \$2.00 and \$2.50. Come early and pick out these summer suits, don't wait until the sizes are broken. We are clearing last seeson's blouses and blouse suits at about one-half price.

Stockings.

My, what a run we have been having on stockings. We thought they were cheap and the way they have sold has proved the case, All sizes, ribbed cashmere, pure wool, at 20 cts. Extra fine ribbed cashmere, double knees and heels and spliced ankles, only 35c for 61 to 8, and 45c for 81 to 91. Just see

Havana, Cuba, April 25.—The Spanish

Clearfuegos, ewding the blockade. She
was bound to Havana, and on nearing the
port the American ships fired at her. The
mail steamer, after firing twice, went away
from the blockade to the southern coast.
She brought 1,000 soldiers, 85,000,000,
and eighteen guns of great calibre.

The Monteerrat was bound for Havana,
but when she neared this port she was

C.H. Vermilyea. A Pair

No suit is complete without an extra pair of trousers, if it is to be worn day in and day out, for no one has yet found a way to keep trousers from bagging and wrinkling when in constant use. We have a great variety of extra trousers in fancy patterns, stripes and checks. Extra trousers will go further than anything else towards keeping your suit spick and span, and the cost is not much. A pair of our \$1.50 trousers would tone up an old coat and vest wonderfully—and our \$2, \$2.50 and \$3 lines are nice enough to put with a really good coat and vest. Come in and look through our stock of odd pants. Any alterations will be made free of charge.

More Bicycle Suils.

How important it is to be properly dressed for wheeling. We are head quarters for bicycle clothing of every character. No more attractive display of bicycle suits, stockings, sweaters, belts, caps, etc., was ever displayed. The patterns are new and of the latest style. We offer an excellent all wool suit, made in the latest style, for \$5, then we have them at \$3, \$5.50 and \$4, and the fine ones at \$7 and \$8. We have bicycle suits for boys. It you need bicycle clothing, don't pass us by—for we have what you want, and at prices you will pay.

Bicycle Hose.

We wish to especially direct your attention to the large assortment of bicycle hose we are offering at 50 cts. We have the better ones, but the popular price is 50 cts. and we have a splendid

Light.... of Trousers. Overcoats.

You know the proper thing to say now is "top coats." It's English you know. Makes little difference what you call them so long as you get the correct thing and at a low price. We have them at \$5, \$6, \$7, \$8 and \$10. About the last named price we wish to say they are as stylish as the best merchant tailor can turn out. They have all the little touches of style thought to be so indispensable. The lapels have just the right turn, the seams are properly cared for, the length is just right. In fact, you need not be ashamed if you should guess one of these coats on the street at \$18, they are worth it to order, but our price is only \$10. They are going at this price and going fast.

Washing Suits.

Why not look for the boy's comfort, he wants to be cool this summer as well as older people—and it doesn't cost near as much to keep him comfortable as it does his pa. We have lots of nice little washable suits in duck, linen and crashes. 75c, \$1, \$1.50, \$2.00 and \$2.50. Come early and pick out these summer suits, don't wait until the sizes are broken. We are clearing last senson's blouses and blouse suits at about one-half price.

**** Stockings.

My, what a run we have been having on stockings. We thought they were cheap and the way they have sold his proved the case, All sizes, ribbed cashmere, puro wool, at 20 cts. Extra fine ribbed cashmere, double knees and heels and spliced ankles, only 35e for 61 to 8, and 45c for 8½ to 9½. Just see

Men's Clothing.

We are now ready to show you all the new things in Men's Clothing.

Suits that will give full satisfaction to the wearer in quality, durability, style and appearance, as well as cost, are here in full force. Careful dressers and careful buyers are asked to view them. You will find that "all wool" means all wool here; that the dye is above suspicion, linings safe and suitable, the interlinings as good as though in sight, the thread, silk or linen, and the cutting and making of superior order.* Some business men may think the suits we

sell at \$5, \$6:50, \$7.50, \$10 and \$12 are unworthy their consideration because our prices are so low-but remember, you wear the suit, not the price.

How important it is to be properly dressed for wheeling. We are head quarters for bicycle clothing of every character. No more attractive display of bicycle suits, stockings, weaters, belts, caps, etc., was ever displayed. The patterns are new and of the latest style. We .fi.r an excellent all wool suit, made in the latest style, for \$5, then we have them at \$3, \$3.50 and \$4, and the fine ones at \$7 and \$8. We have bicycle suits for boys. It you need bicycle clothing, don't pass us by—for we have what you want, and at prices you will pay.

Bicycle Hose.

We wish to especially direct your attention to the large assortment of ing at 50 cts. We have the better ones, but the popular price is 50 cts. and we have a splendid

Light.... of Trousers. Overcoats.

You know the proper thing to say now is "top coats." It's English you know. Makes little difference what you call them so long as you get the correct thing and at a low price. We have them at \$5, \$6, \$7, \$8 and \$10. About the last named price we wish to say they are as stylish as the best merchaut tailor can turn out. They have all the little touches of style thought to be so in-dispensable. The lapels have just the right turn, the seams are properly cared for, the length is just right. In fact, you need not be ashamed if you should guess one of these coats on the street at \$18, they are worth it to order, but our price is only \$10. They are going at this price and going fast.

Washing Suits.

Why not look for the boy's comfort, he wants to be cool this summer as well as older peop'e—and it deem't cost near as much to keep him comfortable as it does his pa. Whave lots of nice little washable suits in duck, linen and crashes. 75c, \$1, \$1.50, \$2.00 and \$2.50. Come early and pick out these summer suits, don't wait until the sizes are broken. We are clearing last seeson's blouses and blouse suits at about one-half price.

Stockings.

My, what a run we have been having on stockings. Wethought they were cheap and the way they have sold has proved the case, All sizes, ribbed cashmere, pure wool, at 20 cts. Extra fine ribbed cashmere, double knees and heels and spliced ankles, only 35c for 61

Clevelands are the easiest running wheels made. WHY?

Because (instead of having three and four point bearings like other wheels) CLEVELANDS have TWO POINT BEAR-INGS, which cause less friction. This is why the CLEVELAND won the coasting, hill climbing and Canadian century chumpionships. Fa ey hold 16ont of 19 Canadian amateur records

Suits that will give full satis faction to the wearer in quality. durability, style and appearance, as well as cost, are here in full force. Careful dressers and careful buyers are asked to view them. You will find that "all wool" means all wool here; that the dye is above suspicion, linings safe and suitable, the interlinings as good as though in sight, the thread, silk or linen, and the cutting and making of superior order. Some business men may think the suits we

sell at \$5, \$6.50, \$7.50, \$10 and \$12 are unworthy their consideration because our prices are so low-but remember, you wear the suit, not the price.

A Pair of Trousers. Overcoats.

No suit is complete without an extra pair of tronsers, if it is to be worn day in and day out, for no one has yet found a way to keep trousers from bagging and wrinkling when in constant use. We have a great variety of extra trousers in fancy patterns, stripes and checks. Extra trousers will go further than anything else towards keeping your suit spick and span, and the cost is not much. A pair of our \$1.50 trousers would tone up an old coat and vest wonderfully—and our \$2, \$2.50 and \$3 lines are nice enough to put with a really good coat and vest. Come in and look through our stock of odd pants. Any alterations will be made free of charge.

How important it is to be properly dressed for wheeling. We are head quarters for bicycle clothing of every character. They have all the little touches of style thought to be so indispensable. The lapels have just the right turn, the seams are properly cared for, the length is just right. In fact, you need not be ashamed if you should guess one of these coats on the street at \$18, they are worth it to order, but our price is only \$10. They are going at this price and going fast.

Washing Suits.

Why not look for the boy's comfort, he wants to be cool this summer as well as older people—and it doesn't cost near as much to keep him comfortable as it does his pa. We have lots of nice little washable suits in duck, linen and crashes. 75c, \$1, \$1.50, \$2.00 and \$2.50. Come early and pick out these summer suits, don't wait until the sizes are broken. Men's Clothing.

We are now ready to show you all the new things in Men's Clothing.

Suits that will give full satisfaction to the wearer in quality, durability, style and appearance, as well as cost, are here in full force. Careful dressers and careful buyers are asked to view them. You will find that "all wool" means all wool here; that the dye is above suspicion, linings safe and suitable, the interlinings as good as though in sight, the thread, silk or linen, and the cutting and making of superior order. Some business men may think the suits we

sell at \$5, \$6.50, \$7.50, \$10 and \$12 are unworthy their consideration because our prices are so low-but remember, you wear the suit, not the price.

A Pair of Trousers.

Nojsuit is complete without an extra pair of trousers, if it is to be worn day in and day out, for no one has yet found a way to keep trousers from bagging and wrinkling when in constant use. We have a great variety of extra trousers in fancy patterns, stripes and checks. Extra trousers will go further than anything else towards keeping your suit spick and span, and the cost is not much. A pair of our \$1.50 trousers would tone up an old coat and vest wonderfully—and our \$2, \$2.50 and \$3 lines are nice enough to put with a really good coat and vest. Come in and look through our stock of odd pants. Any alterations will be made free of charge.

How important it is to be properly dressed for wheeling. We are head quarters for bicycle clothing of every character. No more attractive display of bicycle suits, stockings, belts, caps, etc., was ever displayed. The patterns are new and of the latest style. We .fir an excellent all wool suit, made in the latest style, for \$5, then we have them at \$3, \$3.50 and \$4, and the fine ones at \$7 and \$8. We have bicycle suits for boys. It you need bicycle clothing, don't pass us by—for we have what you want, and at prices you will pay.

Light.... Overcoats.

You know the proper thing to say now is "top coats." It's English you know. Makes little difference what you call them so long as you get the correct thing and at a low price. We have them at \$5, \$6, \$7, \$8 and \$10. About the last named price we wish to say they are as stylish as the best merchant tailor can turn out. They have all the little touches of style thought to be so indispensable. The lapels have just the right turn, the seams are properly carred for, the length is just right. In fact, you need not be ashamed if you should guess one of these coats on the street at \$18, they are worth it to order, but our price is only \$10. They are going at this price and going fast.

Washing Suits.

Why not look for the boy's comfort, he wants to be cool this summer as well as older people—and it doesn't cost near as much to keep him comfortable as it does his pa. We have lots of nice little washable suits in duck, linen and crashes. 75c, \$1, \$1.50, \$2.00 and \$2.50. Come early and pick out these summer suits, don't wait until the sizes are broken. We are clearing last season's blouses and blouse suits at about one-half price.

My, what a run we have been having on stockings. Wethought they were cheap and the way they have sold has proved the case. All sizes, ribbed cashmere, pure wool, at 20 cts. Extra fine ribbed cashmere. double knees and heels and spliced ankles, only 35c for 61 to 8, and 45c for 81 to 91. Just see
